Accord offers training programs that allow you to become a **Certified Nursing Assistant, Phlebotomist, EKG (ECG) Technician, and Patient Care Technician**

A Great Partnership: Career Success High School & Accord Healthcare Institute

Certified Nursing Assistant Program

This course provides students with knowledge and skill required to be a Certified Nursing Assistant.

Students will be in lecture class where they will learn about the role of a CNA, safety and infection control, the body systems and how they relate to patient care, follow problems residents face and how to aid them.

Skill lab will provide students with the chance to practice skills that a CNA is required to know and will walk-through and later test on.

Lastly, students will go to a site to do the clinical part of the course where students will have one on one interaction with real patients.

After the completion of the course, the student will be able to take the Arizona Board of Nursing CNA Exam. Students can also apply for the LNA. Contact us for more information.

MISSION STATEMENT

Our mission is to provide a quality and affordable education to people who are interested in getting certified for any of our programs.

VISION STATEMENT

Give students a solid foundation and multiple skill sets making them successful at today's demanding work place.

Aim for the best learning experience, giving each student knowledge to thrive in each field of study.
